Pune Smart City SCOC became WAR ROOM for COVID19 response team of Pune administration (DM / DC / CP / MC / CEO PSCDCL / Disaster Mgmt., Other Corporation Officials and State Ministers, Corporation Leaders

SCOC Provided *Web & mobile Dashboards* : Daily to all stakeholder

- o GIS tracking,
- o Heat-mapping technologies
- o Analytics for all the stakeholders of Pune administration

✓ It helped to keep track of

- o Covid19 Patients & their recovery : Additions,
- o Quarantine cases,
- o Contact tracing and community surveillance
- o Plan resources including quarantine facilities, isolation beds and associated manpower for responding to the current challenges.

WIFI Aid to aid mental health and coping during isolation

- o In order to help isolated & quarantine patients fight mental stress and psychological challenges during extended period of isolation, Pune Smart City along with Pune Municipal Corporation has extended its WiFi coverage specifically at these isolation & quarantine centres Naidu Hospital, Sanas Ground & Laigude Center by providing always-on high-speed internet connection. This helps patients stay connected with their loved ones albeit virtually.
